Cosy warmth, exceptional design

## NEW STOVE COLLECTIONS

There are few things as delightful as a real fire and a stove from AGA is the very best way to enjoy this most elemental of pleasures. They create a beautiful focal point and can keep a space warm and cosy.

Stoves in this range have steel bodies and cast-iron doors and have the classic good looks the AGA collection is well known for. The Ellesmere and Ludlow have been updated to ensure the very best aesthetics, enhanced performance and, importantly, the multi fuel models are 2022 compliant and DEFRA approved, giving you peace

of mind that you have a stove that meets the very latest standards for efficiency and a cleaner burn performance. All of our new stoves achieve an A for energy efficiency with some models achieving A+.

These stoves look fantastic in both contemporary and traditional spaces and make a real statement while offering a practical heating solution for rooms of all sizes.

**Now available in all fuel types so whatever your need, the AGA Stoves range has the solution.**

**Modern look stainless steel furniture**

**Beautiful design detail**

## NEW ELECTRIC STOVES

The new electric stoves from AGA are both stylish and perform brilliantly. With a 0.9kW and 1.9kW heat output, the modern range of Ellesmere and Ludlow stoves can be easily sited anywhere in your home. All you need is a simple 13 amp supply. A cast iron flue collar allows you to add a flue pipe for the completely authentic look of a log stove (flue pipe not supplied with stove).
